ENOCH OLADELE

FULL-STACK WEB DEVELOPER

Lagos, Nigeria | enocholadele.dev@gmail.com
Portfolio | GitHub | LinkedIn

PROFESSIONAL SUMMARY

Full-Stack Web Developer building responsive web applications with React, TypeScript, Node.js, Express, and MongoDB. Experienced in developing reusable interfaces, REST APIs, authentication and authorization flows, and user-specific data access. Focused on maintainable code, practical problem-solving, and reliable application delivery.

TECHNICAL SKILLS

Frontend: HTML5, CSS3, JavaScript, TypeScript, React, React Router, Tailwind CSS
Backend: Node.js, Express.js, REST APIs, JWT authentication, bcrypt
Database: MongoDB, Mongoose
Tools & Deployment: Git, GitHub, Vercel, Render

PROJECTS

Goal-On — Goal Management Application

Technologies: *React, TypeScript, Node.js, Express, MongoDB*

- Built a full-stack application for creating, viewing, updating, and deleting personal goals.
- Implemented JWT-based authentication and protected routes, with user-specific data access.
- Organized backend functionality with validation and centralized error handling.

GitHub

TaskDuty — Full-Stack Task Management Application

Technologies: *React, TypeScript, Node.js, Express, MongoDB, JWT, bcrypt*

- Built task CRUD workflows with search across titles and descriptions, plus category and status filters.
- Implemented JWT authentication, bcrypt password hashing, and owner-based authorization to protect task data.
- Added form validation and task completion controls; deployed the frontend to Vercel and API to Render, configuring environment-based CORS.

Live Demo | GitHub

Tix Arena — Event Ticketing Application

Technologies: *React, TypeScript, Tailwind CSS*

- Built a responsive event ticketing interface from a Figma design.
- Implemented event details, checkout, and success modal flows using reusable UI components.

Crystal — Trading Platform UI Concept

Technologies: *React, TypeScript, Tailwind CSS*

- Developed a responsive frontend concept for a cryptocurrency and forex trading platform using sample data.
